Blink IQ 200

Designed for All Locations

The IQ 200 family offers a full range of deployment configurations, from single to multiple cord pedestals, to individual and paired wall mount chargers.

Wall Mount

Ideal for parking garages the wall mount unit serves EV drivers with minimum fuss.

Wall Mount with Kiosk

The kiosk and smart unit deployment is best for high density, multiple unit installations.

Single Pedestal

The single pedestal slim installation is great for small spaces that may wish to expand in the future.

Dual Pedestal

For busy parking lots, the dual pedestal can securely mount 2 independent charging stations.

Triangle Pedestal

Maximizing space, the triangle pedestal can securely mount 1-3 independent charging stations.
