**EXECUTIVE PROFILE**

**Michael D. Farkas**

Founder & Executive Chairman

**Michael D. Farkas** is the visionary, Founder, Executive Chairman and CEO of Blink Charging, the leading owner/operator in electric vehicle (EV) charging in the United States. Since 2009 Farkas has led Blink as a driving force in the EV industry paving the way for growth and adoption of electric vehicles. Prior to founding Blink, Michael has established a track record as a successful principal investor across a variety of industries including automotive, retail, telecommunications, agriculture, and aerospace.

As the automobile industry experiences a significant shift to embrace alternative fuels and electric vehicles, an opportunity presents itself for business owners and operators to incorporate charging infrastructure at their properties. Farkas outlines the EV market landscape conditions and expectations and discusses the advantages of various business models used when deploying EV infrastructure.

We are proud to be providing industry-leading technology to support clean energy

**Blink Charging**

Founded in 2009, Blink is dedicated to slowing climate change by reducing greenhouse gas emissions caused by transportation. We’re a driving force in the EV industry, paving the way for the growth and adoption of electric vehicles.
